A donation was made to the World Land Trust 'Buy an Acre' Fund to purchase and protect

Quarter of an Acre

2 May 2013

Working with ProAves, this donation will be used for land purchase and protection of critically threatened forests in the Las Tangaras area of north western Colombia. The Chocó rainforest contains one of the highest concentrations of range-restricted biodiversity in the world, with many birds, plants and amphibians at risk of extinction.

Thank you for taking Positive Action
